

Centurion Vulcan Safety Helmet

Product Images

Description

The Centurion Vulcan Safety Helmet is made of a strong fibreglass material that is designed for industries that involve high levels of heat. The polyester resin shell, constructed with Glass Reinforced Plastic (GRP), is resistant to radiant temperatures up to 500°C and the helmet interior is designed for a comfortable fit, complete with a Terylene 6 point cradle and a brushed nylon sweatband

- Cradle: 6 point Terylene webbing
- Headband: LDPE (Low Density Polyethylene)
- Sweatband: Brushed Nylon with 2mm foam
- Colour: Green
