

3M One Touch Pro Earplug Dispenser

Product Images

Description

The 3M One Touch Pro Ear Plug dispenser offers convenient access to workers on the move. A simple twist dispenses one earplug at a time. The reusable free-standing or wall hanging dispenser is extremely durable and can be refilled with ease

- Convenient workforce access - this flexible dispenser can be used freestanding or secured easily to a wall
- Designed for robustness and durability, this dispenser is built for harsh working environments and repeated use
- Manufactured using ABS plastics that offer impact resistance, high temperature tolerance, and guarantee ease of use and smooth operating
- Transparent level monitor means the user knows instantly when the plugs are running low and can see when a refill is needed
- Refilling the dispenser is simple and only takes a few minutes to complete
- Accuracy in delivering one plug at a time is more than double over old One Touch dispenser
- Powder coated steel back plate and durable ABS & POM plastic construction designed to hold up in harsh environments
- Blocks wind and rain when dispensing earplugs outside
- Earplug drops directly into the hand
- Additional mounting plate can be ordered to use same mounting holes as competitive dispensers
- NOTE: Earplugs not included with the dispenser
