Description

The Uvex Astrospec 2.0 Safety Glasses are innovatively styled while still providing the wearer with an excellent field of vision. The Astrospec 2.0 Glasses feature Uvex Duo-Component technology to prevent pressure points and innovative ventilation technology for outstanding wearer comfort

- Maximum eye area protection - including at the sides
- Innovative ventilation technology and contemporary wear comfort
- Multi-level side arm inclination for the best individual fit
- Anti-fog properties on both sides, for at least 30 seconds of fog-free use
- Anti-static, scratch-resistant, reliable UV 400 protection
- Clear panoramic PC lens with integrated side shield
- Uvex ventilation system with labyrinth seal for added comfort
- Fits easily into breast pocket thanks to flat-fold design
- Conforms to EN 166 (Personal Eye Protection) & EN 170 (UV Filters)
