

Reliance Heated Outdoor Metal AED Wall Cabinet

Product Images

Description

The Reliance Heated Outdoor Metal AED Wall Cabinet offers security, practicality, high visibility, outdoor weather resistance and peace of mind in the event of an emergency. The Heated Outdoor Metal AED Wall Cabinet is manufactured from thick carbon steel with the addition of a shatterproof transparent window, allowing you to quickly check the status of your defibrillator. The cabinet also includes AED instruction icons to guide users on the correct procedure. Compatible with all AED's, this Cabinet has multiple security options, AED signage and is controlled by a thermostat
