

3M Peltor Optime II Foldable Earmuffs

Product Images

Description

3M's Peltor Optime II Foldable Earmuffs are ideally used for demanding workplaces filled with hazardous noises. Featuring sealing rings filled with a unique combination of liquid and foam, these earmuffs have been designed with maximum comfort in mind

- Sleek and stylish design
- Foldable design to allow for convenient storage and carrying in between wear
- Liquid and foam-filled sealing rings
- Low contact pressure for added comfort
- Ideal solution for demanding, noisy workplaces
- Large space inside the cup helps minimise heat and moisture build-up
- Attenuation: SNR 31dB
