

Ash Inspex HD 1080p Digital Microscope

Product Images

Description

The Ash Inspex HD 1080p Digital Microscope is a high definition digital microscope that includes a table for measurement and inspection. The Ash Inspex Digital Microscope offers superb 1080p image quality, colour reproduction, contrast and resolution with integrated, real-time, on-screen cursors and measuring grids for simple and effective measurements without using a PC. This microscope also offers a removable USB storage image capture for traceability and easy documentation, providing accurate quality control records by simply plugging your device into the Ash Inspex HD 1080p USB port
