

Pelstat ESD Tape Dispenser

Product Images

Description

The PELstat ESD tape dispenser has been designed for dispensing ESD tapes that are 25mm in width. This tape features an easy cut blade for the user's convenience when tape dispensing and a non-slip base that prevents damage to worksurfaces. This tape dispenser is perfect for enhancing your ESD safe environment and should be placed on a grounded work surface

- ESD Safe
- Surface resistance: 10E6 – 10E9 ohms
- Outer material: ABS
- Colour: Black
- Designed for use with tapes 25mm wide (sold separately)
