

Dependable Corner Protectors

Product Images

Description

- They serve a dual purpose: protection and signalling
- Almost indestructible, will not warp
- High resistance to impact and sound absorption thanks to a composition of high resistance plastic reinforced with a metal interior
- Special technique printing of highly visible stripes for signalling obstacles
- Easy and fast securing through pre-drilled holes, using the screws and rawlplugs provided
- Corner Protectors also exist in a glow-worm version (yellow and black only)
- They stock light in a few seconds and will glow in the dark for several minutes
- Perfect for use in all locations where protection is needed
- Size: 14 x 14 x 84 mm. Length: 90cm. Weight: 2.4kg
- Sold in pairs & Screws and rawlplugs
