

Dependable Foam Fire Extinguishers

Product Images

Description

Dependable's Foam Fire Extinguishers are suitable for quenching Class A & B fires, including lighter combustible fires – i.e. those involving burning liquids. This Foam Fire Extinguisher comes with a wall-mounting bracket, ensuring quick and easy access for when you need it most

- Precision-engineered aluminium cylinder
- Filled with aqueous film forming foam (AFFF)
- Pressure relief valve included
- Wall-mounting bracket included
- Internal lining to prevent erosion
- ISEN 3 Certified
- CE0029 Certified
- 2L & 0.9L do not contain hoses as per IS EN 3
- Note: Please note that although we endeavour to have this shipped via next day delivery, due to its classification it requires additional handling by our courier partner. This could lead to a longer delivery time - for any queries or clarification please contact [our sales team](#) or [click here](#) to view our Terms and Conditions
