

Dependable Traffic Mirrors

Product Images

Description

The Dependable Traffic Mirrors are the ideal solution for any urban or residential area where blind-spot areas such as corners, turnings, street corners or other visually restricted areas pose a hazard. The Dependable Traffic Mirrors are also the perfect addition to any industrial work environment where forklifts and heavy machinery are in operation

- Easy installation
- Virtually unbreakable with a durable, shatter-resistant design
- Highly weather-resistant
- 3 year Polymir guarantee
- Supplied with bolts and brackets for easy fixing to walls or to 60-90mm diameter posts
- Circular or rectangular options available
