

Lakeland Pyrolon CBFR Coveralls

Product Images

Description

The Pyrolon CBFR Coverall is a high calibre coverall that combines Flame Retardancy to EN 14116 (Index 3) with Type 3 & 4 chemical protection. The fabric of the Pyrolon CBFR Coverall is soft and flexible, whilst also being tough and durable, with stitched and taped seams for superior safety. The single zip and double storm flap front fastening with hook & loop seals enables the re-use of the Pyrolon CBFR Coverall where appropriate

- Coverall with hood, elasticated cuffs, waist and ankles
- Designed in Lakeland's "Super-B" style with 3-piece hood, crotch gusset and inset sleeves for optimum durability and freedom of movement
- Double layer cushioned kneepads
- Created with a unique viscose-based fabric that will not ignite and is certified to EN 14116
