

Pelstat Buried Layer Bench Mat

Product Images

Description

- Grey Static-dissipative series 2 bench mat, suitable for use in ESD-protected areas as a grounding surface
- Reliable electrical performance at a budget price
- Grey in colour
- Lightweight, yet with superior lay-flat characteristics
- Deep cushioned base layer for operator comfort and protection of fragile components
- Resistance to ground $1.9 \times 10^7 \Omega$ @ 10V $1.6 \times 10^7 \Omega$ @ 100V
- Surface Resistivity $4.7 \times 10^7 \Omega$ @ 10V $3.2 \times 10^7 \Omega$ @ 100V
- Charge Decay 1000V to 50V in less than 0.5 sec
- 2.3 mm (0.930 ") thick
- Conforms to IEC 61340-5
