

QTEK High Temperature Masking Tapes

Product Images

Description

**SAFETY
DIRECT**

- Polyimide, pressure-sensitive, adhesive tape with silicone resin
- Excellent dielectric insulation properties
- High heat resistance and excellent solvent resistance
- Ideal for masking PCB gold fingers during wave solder or solder dip processes
- Tape comes in 33m rolls and in widths of: 6mm, 9mm, 12mm, 15mm, 19mm, 26mm, 30mm, 40mm
- Other widths available on request
- Water soluble tapes also available
