

Simco-Ion High Performance Ionising Air Gun

Product Images

Description

- High blow-off force provides efficient cleaning and rapid static decay
- Operates on compressed air or nitrogen
- 0.2 micron filter for optimum air cleanliness
- Power supply included
- Discharge time: 1000 - 100V < 1.3sec at 150mm
- Ion Balance (offset voltage): $\pm 15V$
- Air flow volume: 68 - 210 l/min (2 - 7 bar)
