

Texwipe CleanStep 30 Layer Adhesive Mats

Product Images

Description

Texwipe CleanStep™ adhesive mats are the preferred choice for cleanroom and critical environments. These polyethylene mats collect and retain particulates from foot- and wheel-borne contaminants. Texwipe CleanStep™ mats are available in a range of sizes and colours to suit any cleanroom requirement

- Removable, adhesive-coated polyethylene sheet
- Traps particles and prevents transfers
- Features an antimicrobial agent to prevent bacterial growth
- Removes traffic-borne particulates prior to entering the clean work area
- Uses environmentally friendly adhesive
- 8 mats per case
