

Slice Craft Knife with Safety Cap

Product Images

Description

The Slice Craft Knife with Safety Cap features the same safety blade as SLICE10548, but with an additional innovative safety cap. The fixed position handle of the Craft Knife with Safety Cap offers a comfortable cross-hatch grip and has an ambidextrous design

- Includes straight-edge, rounded-tip blade
- Finger-friendly edge
- Non-sparking, chemically inert blade, safe up to 1600°C
- Safety cap built into handle design – twist cap to unlock and slide down the handle to expose the blade
