Scafftag Entrytag Entry Control Safety Management System

Product Images

Description

Entrytag® is designed to control vessel entry in conjunction with a permit to work system. Positioned at the entrance to the vessel/tank/silo, it informs all
personnel of the minimum requirements for entry, the type of work being undertaken, and all other salient details

Three step system :
1. Entrytag® holder displaying DO NOT ENTER
2. Entrytag® Insert showing inspection record, and entry requirements
3. On-Going inspection requirements on rear of Entrytag® insert

- System comes with a box of 10 holders, 10 status inserts and a permanent marker pen
