

3M Peltor Optime III Earmuffs with Headband

Product Images

Description

Designed with double casing technology to help minimise resonance, Peltor's Optime III Earmuffs feature soft, wide cushions to help reduce pressure around the ears and improve comfort. The Optime III Earmuffs are ideal for use in extremely loud environments and feature a concave internal cup design to reduce moisture and heat build-up

- Double-casing technology minimises resonance effect
- Soft, wide cushions reduce pressure around ears
- Top-of-the-line comfort and wearability
- Concave internal design reduces moisture and heat build-up
- Metal detectable: No
- Attenuation: SNR 35dB
- Headband
- EN 352-2 Compliant
- Colour: Black/Red
- 3M Hygiene Kit available - 3MHY54
