

Kongamek Bottle Truck

Product Images

Description

The Kongamek Bottle Truck provides a more efficient process for both changing and transporting gas bottles. Built using heavy duty pneumatic wheels, the bottle truck is designed for cylinders (diameter 235 mm/50 I-tube) up to 80kgs in weight

- Ergonomic bottle truck constructed with electro galvanized steel
- Makes changing gas bottles both easier and quicker
- Mounted on sturdy pneumatic rubber wheels (260 x 85mm)
- Capacity: 80 kg
