

Fluke 115 Multimeter for Field Service Testing

Product Images

Description

For a wide variety of electrical and electronic testing applications

- Resistance, continuity, frequency, capacitance, and diode test
- Measures 20 A (30 seconds momentary; 10 A continuous)
- Large white LED backlight
- One-handed operation
- True-rms for measurements of non-linear loads
- Min/Max/Average with elapsed time to record signal fluctuations
- CAT III 600 V safety rated
- Product is POA (Price on Application)
