Description

- Improved measurement functions, troubleshooting,
- resolution and accuracy frequency, duty cycle, resistance, conductance, continuity, diode test, and capacitance measurement
- High performance dc/ac voltage, and current measurement,
- Large display with analog barograph
- Auto and manual ranging
- Peak capture records transients to 250 μs
- Relative mode removes test lead resistance from low ohms measurements
- TouchHold captures stable readings
- Audible continuity, diode test & duty cycle
- Input alert
- Lifetime warranty
- Included Accessories: TL75 test leads, AC72 alligator clips, holster, 9V battery, CD-Rom manual & operators guide

- 87V/E Industrial Electrician Combo
- Kit Includes: 87V true RMS multimeter, TL224 SureGrip™ test lead set, TP238 SureGrip™ slim reach test probe set, AC220 SureGrip™ alligator clip set, magnetic hanger, 80BK temperature probe
