

QTEK De-Ionised Water Wipes

Product Images

Description

QTEK De-Ionised Water Pre-Saturated Wipes are ideal for eliminating dirt and dust while also ensuring surfaces are not compromised. The QTEK De-Ionised Water Wipes are made from soft polyester material and will not scratch surfaces

- Soft polyester material will not scratch surfaces
- In highly specialised instances, can be used as a coolant in direct contact with high voltage
- Ideal for use where the presence of impurities may be undesirable
- Eliminates dust and dirt while also ensuring surfaces are not compromised
- Manufacturing process is in compliance with ISO 9001 Quality Systems
