

Ultratape Cleanroom Tape Dispenser

Product Images

Description

The Ultratape Cleanroom Tape Dispenser has been powder-coated with an epoxy-polyester finish. Suitable for use in cleanroom environments, this Tape Dispenser features two holes on the bottom to allow permanent mounting to benchtops or ESD grounding

- Heavy, all-metal construction
- 7.6CM plastic core, formed steel frame and non-slip rubber facing on bottom
- Serrated blade cuts through all non-reinforced tapes quickly and cleanly and is easily replaced
- Fits one role of tape up to 50mm x 201m (220 yards) long
