## Description

---

The Rubbermaid Slim Jim Trainable Dolly can be used for safely supporting and transporting Slim Jim containers. The sturdy, structural foam construction of the Trainable Dolly offers excellent durability

- 37.36CM x 21.25CM x 60.59CM
- Side clip-on connection allows several dollies to be joined together, which improves worker efficiency and waste capacity
- Disconnecting dollies is quick and easy due to simple foot-pedal release mechanism
- Suitable for use with 60L and 87L Slim Jim containers
