Rubbermaid Slim Jim Resin Trainable Dolly

Product Images

Description

The Rubbermaid Slim Jim Trainable Dolly can be used for safely supporting and transporting Slim Jim containers. The sturdy, structural foam construction of the Trainable Dolly offers excellent durability

- 37.36CM x 21.25CM x 60.59CM
- Side clip-on connection allows several dollies to be joined together, which improves worker efficiency and waste capacity
- Disconnecting dollies is quick and easy due to simple foot-pedal release mechanism
- Suitable for use with 60L and 87L Slim Jim containers
