

Superior UltraSolv Flexible Oval Tip Swabs - Pack 500

Product Images

Description

**SAFETY
DIRECT**

- High strength and abrasion resistant UltraSolv® foam tip minimizes particle shedding due to abrasion, common with standard swabs
- Extremely low ionic and NVR levels
- Less than 2000 .5 μ to 25 μ particles per swab
- Thermally bonded to ensure no adhesive residue and minimum particle generation
- 17MM x 5MM head (L x W)
- Pack 500
