

Faithfull Revolving Punch Pliers

Product Images

Description

The Faithfull Revolving Punch Pliers can be used for making holes in soft materials such as canvas, leather, soft plastics and textiles. This Revolving Punch Pliers has been made from heavy gauge sheet metal with an epoxy coating that protects against rust

- Six hole diameters: 2MM, 2.5MM, 3MM, 3.5MM, 4MM, 4.5MM
- Hand actuated
- Size of hole to be punched is easily selected by revolving the spring loaded punch, which strikes a fixed anvil
