

Optimax 12MM Friction Weld Tool

Product Images

Description

The Optimax 12MM Friction Weld Tool is perfect for use in heavy duty applications such as palletisation. The battery powered 12MM Friction Weld Tool features a touchscreen display for quick and easy changing of tension force and sealing time, meaning the optimum seal can be selected for each application

- Brushless motor technology
- Runs off a Bosch high capacity 81v rechargeable lithium-ion battery
- Charger included
- Strap width range: 11 – 13MM
- Strap tension range: 40 – 250KG
- Strap thickness range (PP): 0.55 – 1.05MM
- Strap thickness range (PET): 0.50 – 1.05MM
- Machine weight 4.3KG
