

Elten Senex XXT ESD Infinergy® Safety Shoes

Product Images

Description

Featuring an Infinergy® midsole that provides enhanced cushioning upon impact thus reducing risk of fatigue, the Senex XXT ESD Infinergy® Safety Shoes are built for comfort and optimum safety to the wearer. The Elten Senex XXT ESD Infinergy® Safety Shoes are a reliable and durable safety shoe, featuring reflective material to ensure the wearer can be seen even when visibility is poor. The Senex XXT ESD Infinergy® Safety Shoes are ESD safe and suitable for working in areas subject to electrostatic discharge and in electrostatic protected areas (EPA)

- ESD safe
- S3 SRC
- Sole core made of Infinergy® by BASF foam technology - As an intrinsic component of many of Adidas's running shoes and known as the "Adidas Boost", Infinergy® technology offers unbeatable comfort and provides long-term durability
- Penetration resistant midsole
- 100% metal and leather free
- Water penetration and water absorption resistant upper
- Fabric lining for natural ventilation and improved breathability
- Cordura® material - particularly resistant to wear and tear
- TPU/PU sole - provides excellent slip resistance with antistatic properties
- Reflective material for increased visibility
- Conforms to EN ISO 20345
