

Elten Sander XXT ESD Infinergy® Safety Boots

Product Images

Description

The Elten Sander XXT ESD Infinergy® Safety Boots are high performing safety boots that guarantee optimum levels of safety without compromising on comfort. The Elten Sander XXT ESD Infinergy® Safety Boots are ESD safe and suitable for working in ESD sensitive or electrostatic protected areas (EPA). With an Infinergy® midsole, the Sander XXT ESD Safety Boots provide enhanced cushioning upon impact thus reducing risk of fatigue and guaranteeing all day comfort. Featuring a non-metallic, penetration resistant midsole, the Sander XXT ESD Infinergy® Safety Boots are ideal for use in many environments

- ESD safe
- S3 SRC
- Composite toe cap
- Sole core made of Infinergy® by BASF foam technology - As an intrinsic component of many of Adidas's running shoes and known as the "Adidas Boost", Infinergy® technology offers unbeatable comfort and provides long-term durability
- 100% metal and leather free
- Non-metallic, penetration resistant midsole
- Water penetration and water absorption resistant upper
- Made with Cordura® material - particularly resistant to wear and tear
- Reflective material for increased visibility
- Conforms to EN ISO 20345
