

# Superior Polyethylene Shoe Covers

## Product Images

---

## Description

---

Manufactured from a low-density, heavy-weight polyethylene, Superior's Polyethylene Shoe Covers feature an elasticated opening to fit most shoe shapes. These liquid resistant shoe covers are an ideal choice for critical cleanroom environments where spillages are a possibility

- Heavyweight, low density, polyethylene shoe covers
- Elasticated opening fits over shoe top
- Liquid-resistant (except seams)
- Low particulate, lint free
- Available in blue, red and white
