

JSP Champion Plus 1.5M Folding Barrier System

Product Images

Description

The JSP Champion Plus Folding Barrier System is redesigned and stronger and sturdier than ever, with the mechanism in one hinged piece for maximum strength and minimum additional fixings. The Champion Plus 1.5M Folding Barrier system can be shaped as a box, linear or angled to suit a wide variety of applications and uses in road, site, and street safety

- Reflective hi-vis panels for maximum visibility and safety
- Folds to a compact 230MM for easy transport
- Can be arranged into a variety of configurations, such as linear to block off or square to surround an area
- Signs, messages or decals can be fitted onto boards for communication and branding
- Fully compatible with European wind stability and reflective standards
- Fully compliant with Traffic Signs Manual Chapter 8 standards
- Made with sturdy polypropylene boards and blow moulded hinges for maximum durability and wind resistance
- Material: Polypropylene
- Compliant with BS EN 8442 & BS EN 12899-1 (reflective only)
- Compatible with existing JSP Champion Barrier bases (sold separately)
