

Skipper Base for Barrier Post

Product Images

Description

The Skipper Base for Barrier Posts ensures that the posts stay upright and stable when in use. The Base easily attaches to the Barrier Post with a simple twist-lock action

- Base can be filled with water or sand for additional strength and stability
- Base weighs 12.3kg when filled to maximum level with water
- Suitable for both indoor and outdoor use
- For use with Skipper Barrier Posts - sold separately
- Colour: Black
