

Skipper Barrier Posts

Product Images

Description

The Skipper Barrier Posts perfectly complement the Skipper Unit and are ideal for use in both indoor and outdoor environments. The post easily twists into the Skipper Base (available separately), which can be filled with water or sand for reliable stability

- Sleek design
- Posts can be combined with a Skipper Unit to create a stanchion post with retractable belt
- Reflective high visibility strips on posts
- Post twists into base easily
- Post dimensions: 1m x 500mm x 500mm (H x W x D)
- Colours: Orange or Yellow
