

TexWrite Cleanroom Notebook

Product Images

Description

The Texwipe range of TexWrite® cleanroom notebooks are the ideal choice for taking notes and recording data in a cleanroom environment. Available in three different sizes to meet any requirement, the TexWrite® spiral notebooks are the optimum choice for critical environments

- Economical choice for note taking and data recording in the cleanroom
- Notebooks feature high-density polyethylene covers, plastic spirals and durable TexWrite® latex-impregnated cleanroom paper
- Pages are printed with IPA resistant, low-sodium ink
- Ultraclean with low particle and fibre generation
- Low ionic contamination
- 100 writable pages (50 pages)
