

Reliance Finger Dressings - Pack 10

Product Images

Description

The Reliance Medical Finger Dressings are high-quality finger dressings, uniquely packaged and designed in such a way that the injured person may dress their own finger. Medical Finger Dressings are a superior alternative to traditional plasters with higher protection, peelable tabs for adherence and soft material which is gentle against the skin

- Dressing consists of low adherent pad attached to a soft bandage for wrapping around the finger
- Peelable tab used for adhering the end of bandage in place
- Offers more protection than a plaster
- Injured person can apply with ease
- Size: 5cm x 5cm
- Pack of 10
