

3M Earsoft FX Earplugs

Product Images

Description

The 3M Earsoft FX Earplugs are comfortable earplugs, which fit snugly in a wide range of ear canals, providing protection from high noise levels. The Earsoft FX Earplugs are made from soft recovery PU foam to provide both an effective seal and low ear canal pressure

- Uncorded Earplugs reduce noise levels up to 34 dB
- Corded Earplugs reduce noise levels up to 37 dB
- Tapered design provides a comfortable fit for a wide range of ear canal sizes
- Slow expanding, soft recovery PU foam provides a good seal, and low ear canal pressure
- One size fit all
- EN 352-2:2020
