

Uvex I-5 Safety Glasses

Product Images

Description

The Uvex I-5 Safety Glasses are sturdy and stylish safety glasses with a secure and modern fit. The I-5 Safety Glasses provide high levels of comfort and security with a soft, flexible nose piece, 3-position inclination and extendable side arms

- Single-lens glasses
- Soft, flexible nose piece moulded directly onto the lens
- Offers UV400 protection
- Uvex Supravision Excellence Lens Coating provides anti-fog protection, chemical resistance and scratch resistance
- 3-position inclination and soft ear-pieces allow for a comfortable, pressure-free and non-slip fit
- X-tended eye shield protects against dust, dirt and flying particles
- X-tended side shield allows for further protection without impeding the wearer's peripheral vision
- Extendable x-twist side arms offer flexible, convenient adjustment to a wide variety of head shapes
- Metal-free
- Lens colour: clear
- Frame colour: black/blue
- EN 166:2001 and EN 170:2002 approved
- Labelling: W 166 FT CE - 2C-1.2 W 1 FTKN CE
