## Description

---

The angled head of the Erem 503E Tip Cutter provides for precise cuts at different working angles, making it an extremely useful item to have in any tool box. The head of the 503E Tip Cutter is also wide, meaning it is ideal for fine horizontal and vertical cuts

- Model 503E has a rather large head, but fine horizontal or vertical cut
- Can cut copper wire and hard wire
- Cutting capacity of 1.6mm
- ESD safe
- 110mm length
