

Ansell HyFlex HPPE Gloves - Medium

Product Images

Description

Ansell's Hyflex HPPE Gloves feature a Lycra liner as well as a PU coating for excellent flexibility and fit. Made with an innovative yarn structure, the HyFlex HPPE Gloves contain an optimal level of HPPE, which offers high levels of cut resistance for safe use with sharp objects. The PU formulation also increases abrasion resistance and provides a secure grip on both dry and slightly oil surfaces

- Yarn structure with optimal rate of HPPE
- High levels of cut resistance
- Lycra liners with PU coating for excellent flexibility and fit
- Secure grip on dry or slightly oil surfaces
- Increased abrasion resistance
- Cuff style: knitwrist
- Colour: Grey
- Length: 215-275MM
- Gauge: 13
- Size: Medium
- EN388: 4443B
