

Cofra New Tanker Safety Wellingtons

Product Images

Description

The Cofra New Tanker Safety Wellingtons are perfect for wearing in low temperatures, and offer thermal protection against cold temperatures as low as -25°C. With a steel toe cap and slip resistant sole, the New Tanker Safety Wellingtons are ideal for use in mechanical industry, refineries and oil-bearing platforms

- Steel toe cap, resistant to 200J
- Cold Defender PU Bootleg and Outer Sole that is resistant to -25°C
- Offers maximum resistance to mineral oils and hydrocarbons
- Anti-perforation, stainless-steel midsole
- EVANIT footbed - made from EVA and nitrile special compound with high bearing capacity and variable thickness
- Footbed is thermoformed, anatomic, punched and coated with a highly breathable fabric
- Slope design on leg for effective run-off of liquid
- Anti-static
- Water-resistant
- Kick-off lug helps with easy removal of the boot
- Packaged in plastic bag
- S5
- CI
- SRC EN 20345: 2011
