

Tranemo Flame Retardant Hi-Vis Bodywarmer

Product Images

Description

Tranemo's F/R Hi-Vis Bodywarmer provides optimum warmth and comfort to the wearer without compromising on protection. The Flame Retardant Bodywarmer is ideal for many industries and applications due to its metal-free and arc protection properties

- Hidden zip with stud fastener at the front for enhanced protection against cold weather conditions
- Fleece lined inside of the collar for optimum warmth
- Two loops for communication equipment including walkie talkies
- Large inside pocket with zip to secure tech equipment or documents
- Draw cord at the bottom of the jacket for enhanced fit to the wearer
- Concealed buttons for hood attachment (sold separately)
- Soft and flexible TERA TX material with high tear resistance properties and good protection against electric arcs
- Colour: Hi-vis yellow/navy
- Size: X-Small - 3X-Large
- EN ISO 11612 A1+A2 B1 C1 F1 and EN 61482-2 APC 2 when worn together with a long sleeved garment with the same certification
- EN ISO 20471 Class 2 (Class 1: Small - Large) combined certification and approved for EN ISO 20471 Class 3 when work with trousers or bib 'n' brace certified to Class 1 or Class 2
- EN 1149-5
- CE certified
